Beginners are advised to be familiar with the Cyrillic alphabet.	
ONE-TO-ONE AND CLOSED GROUP COURSES	
One-to-one and Closed Group Courses are demanding and require full concentration in order to achieve maximum results. The exact content of the course is jointly determined by the student and the teacher. Students are invited to specify their fields of interest by completing our needs analysis, which gives the teacher an idea of what the students aim to achieve and allows him to pre-select material, establish a study plan and prepare a specific vocabulary. Closed Group Courses are organised in mini-groups of maximum 6 participants. One-to-one and Closed Group Courses can be booked throughout the year and are available at all levels. On agreement lessons can also be held on weekends. A minimum of 20 lessons must be booked and used within 10 weeks.	
IN-COMPANY TRAINING	
Courses are organised at the client's place of work, either individually or in closed groups. Groups are formed according to the results of an assessment test. The maximum group size for In-company courses is 6. In-company sessions can be a sequel of individual or group lessons with changing participants. A session may consist of one or several lessons. These courses can be booked throughout the year and are available at all levels. A minimum of 20 lessons must be booked and used within 10 weeks.
